Private tutoring generally works best for students who need the one to one support and motivation. High School subjects are more difficult than when we were in school and the competition to get into college is high.

Daily Progress Reporting: An email will be sent each time your child works with one of our tutors. This will help you track your child's progress and account for the tutoring time.

“We went to Homework Club during middle school and have used their tutors throughout high school; it has been a wonderful 6 year experience.” – Alex’s mom

“ I got better scores on my math tests ” – Allen, 6th grader

“ It helps me stay focused while working at The Homework Club ” – Jesse, 7th grader
